

Software Engineering

Sprint 2

21 September 2023 / 8:15pm

Attendees

Maneesh, Sara, Emily, Fee Kim, Simardeep

Agenda

- Review issues
 - Close any finished issues
 - Adjust weights if needed
 - Add any issues we may need/reassign if necessary
- Review/merge any open MRs
- Review the burndown chart to ensure we're on track
- Answer any questions or clarify expectations together
- Set deadlines for the next meeting

Notes

- Maneesh began putting together the slideshow for the demo
 - Added weightings for each member
 - Will add highlight of sprint for each member before end of sprint along with burndown chart
 - Also added some more test cases to parsing logic
- Sara has completed the parsing of the prerequisites
 - Now they are in a more parsable format in VBA

- Simardeep is continuing with parsing out restrictions
 - Decided on the basic cases which are just courses and not major/minor restrictions
- Emily and Fee Kim decided on how the UI will look and started writing VBA code that is able to parse Sara's prerequisites and Simardeep's restrictions
- As a team, we decided that based on our standup updates on Sept 22, we will hold another meeting on Sept 23 to discuss the challenges and pair program
 - If we are on track, we will forgo this meeting

Next Meeting's Agenda

- Ensure restrictions are parsed out properly
- Ensure that Excel UI work and logic for checking eligibility is done/close-to-done
- Recap all issues and maintain them if necessary
- Resolve any open problems or discussions
