Software Engineering

Sprint 3   September 25, 2023   9 – 10 pm

Attendees

Simar, Maneesh, Emily, Fee Kim, Sara

Agenda

- Understand and walkthrough the sprint document.

- Add Weighting to issues.

- Assign Developer, roles and add comments for each issue.

- Discuss any sprint details (Tools and VM)

- Group communication expectations

- Decide Meeting times for the rest of the sprint.

- Make sure everyone is able to access VM.

Notes

- Simar will organize and monitor the active repo for sprint3.

- Everyone will do some research and learn about different PHP, NGINX and MySQL, and contribute to writing test cases.

- Simardeep will write documentation apart from the above tasks.

- Sara will make Demo Slides for the final presentation.

- Team is still vague about the description of the sprint.

Next Meeting Agenda

- After more clarification about sprint in lecture, some more issues will be created and assigned to team members.
